To the Applicant:

Under the federal Law entitled the Family Educational Rights and Privacy Act of 1974, registered students are given the right to inspect their records, including letters of recommendation. Opinion is divided whether letters open to review are more helpful in assessing a student's potential than those, which are not. Should you wish to waive your right to access to this evaluation, you may do so by signing the waiver below. In any case all evaluations will be carefully considered. I understand the above information and waive the rights I might have to access this recommendation under the Family Educational Rights act of 1974, or any other law, regulation or policy. I understand that the University of Northern Iowa does not require me to execute this waiver and is willing to review my application whether or not I sign it.
